Re: CNA Recognition Award

Dear Craig:

I would to personally thank you again for your support of CNA's Spa and Swimming Pool (SPLASH) Construction CAM program. The business you have placed with CNA, but more importantly the industry expertise that you have shared with me and the Construction Team has been invaluable and a considerable reason for our success.

Our goal as an organization is more than just providing solid insurance coverages. We strive to provide the needed tools and resources to make your insureds the best in the industry. We are really excited about the partnership we have established and what the future holds for this program.

The strength of our program will be directly correlated to relationships, especially the one we have with you and Georgetown Insurance Service, Inc. In recognition of your support of our program we are pleased to present you with the award of 2009 Top Producer for the SPLASH Program. Please accept this award as a token of our appreciation.

We are looking forward to working with you and your agency for many more years.

Regards,

Jason Oswald
